

# SASSO-VETRO CONDO

Sasso was the first tower built in Calgary in 2005. The second tower, Vetro, was completed 3 year later in 2008. These two towers are modern steal, concrete and glass towers that offer a quality downtown lifestyle.

The main level consists of retail, TD Bank branch, Shoppers Drug Mart with pharmacy and post office. The Stampede C-Train station is located right across the street, which gives easy access to downtown and anywhere else in Calgary. Both buildings are in the Car2Go zone which gives you one more transportation option. Sasso & Vetro are close enough to walk to the downtown area in the summer or during a warm winter day.
